

Welcome

Thank you for your interest in what this school has to offer, a school that is the first choice of secondary education for families in the Coolum community.

The strength and growth of Coolum High can be attributed to three special groups of people. The first are our students. We are proud of the achievements of the fine young men and women who graduate from this school. They are ably supported by family and friends who value the inclusive practices that public education nurtures. Our professional teachers and staff are committed to bringing the very best out of every individual, your sons and daughters, our students.

I trust you will find Coolum High's website informative. If you would like to find out more about the diverse range of academic and vocational courses of study, about the focus we place on care, respect and wellbeing or about our creative arts and sporting programs, please do not hesitate to follow up your initial enquiry with a campus visit. We would be more than happy to share our strengths with you.

Choice of school, in particular secondary education, is a big decision these days. You will be suitably impressed with what Coolum State High has to offer.

I look forward to meeting you and your family.
Warm regards,
Lee Goossens
Principal
