

Coolum State High School

School review conducted 29 August to 1 September 2022

Every Queensland state school is reviewed by the Department of Education at least once every four years. School reviews provide important feedback to support schools in continuing to deliver quality education and improve learning outcomes for students.

Review highlights

- ✓ United and committed in the pursuit of excellence and every student succeeding.
- ✓ Evidence-based teaching and learning to empower students to achieve the highest possible outcomes.
- ✓ Systematic, data-driven decision making.
- ✓ Valued and purposeful partnerships to maximise opportunities for students.

Consultation

Total of 206 interviews

13 community members and stakeholders

84 school staff

87 students

22 parents and carers

Each school review generates a number of key improvement strategies to inform continuous improvement in all state schools. The next steps are...

- ➔ Prioritise building the instructional leadership capability and expectations of all school leaders to support organisational change and school improvement.
- ➔ Collaboratively develop and communicate explicit roles and accountabilities for all leaders and teachers in implementing the school's improvement agenda.
- ➔ Engage with staff and students to collaboratively build the strategic and operational planning processes for the school's future directions.
- ➔ Collaboratively develop a whole-school curriculum, assessment and reporting plan aligned to the P-12 curriculum, assessment and reporting framework and establish quality assurance processes to ensure the intended curriculum is enacted in the classroom.
- ➔ Review and refine whole-school differentiation processes to ensure all students are provided with opportunities to succeed.
